

How You Can Help

Becoming a wildlife carer is very rewarding. You can make a difference.

Each animal brings with it its own story and personality – sometimes heart-breaking, at other times incredibly amusing, but always endearing.

You may not be in a position to do intensive caring but there are other ways to contribute, such as rescuing or transporting injured animals to vets or carers, joining our vital group of telephone line operators, helping out at our fundraisers, inputting records onto our database or assisting financially.

As a volunteer group, all donations are greatly appreciated and directly assist in the cost of veterinary and medical treatment, specialist foods, enclosures, and equipment necessary for rehabilitation. All donations \$2 and above are tax deductible.

Yes, I would like to help!
